WONDERFUL CRYSTAL

WRIST RADIO

RECEIVES BROADCASTS UP TO 50 MILES WITH ATTACHED ANTENNA
WEAR IT LIKE A WATCH
LISTEN IN LIKE A RADIO

Wow! A wrist radio like the one used by the famous detective character that really works. Yes, imagine receiving broadcasts up to about 50 miles, using the antenna attachment. Without attaching the antenna lead-in clip (which is included), to a substantial antenna such as the dial stop on a telephone, reception is limited to a few miles. Think what fun it will be to have your own personal wrist radio that actually permits you to listen to your own programs without disturbing others, and there are no batteries, no tubes—nothing to wear out. Makes detective and battle games seem more real, pretending to transmit messages, and getting help in the nick of time. Complete with private earphone.

BOYS! MEN! I'LL HELP YOU MASTER YUBIWAZA

– says N.J.FLEMING – YUBIWAZA MASTER

*(YUBIWAZA IS THE SECRET, AMAZINGLY EASY ART OF SELF-DEFENSE THAT TURNS JUST ONE FINGER OR YOUR HANDS INTO A POTENT WEAPON OF DEFENSE—WITHOUT ANY BODILY CONTACT...)

In just 2 hours after you receive "YUBIWAZA" you will be on your way to being an invincible Yubiwaza Master, at home, this fast, EASY picture way or it costs you nothing.

WHAT YUBIWAZA CAN DO FOR YOU IN JUST A FEW SECONDS . . .

11:00 P.M.—You return from dance. Handsome dame insulting remarks to your date.

11:05 P.M.—They attack you with fists and battle. You counterattack with YUBIWAZA . . .

11:06 P.M. PLUS 2 SECONDS – You are victorious – while every hoodlum is on the run.

The VITAL Decision is YOURS to make! Which shall it be? ☐ To play it "chicken" by running away? ☐ Be a "nothead" and be beaten up? ☐ Mail coupon now and be prepared with Yubiwaza to send your attackers flying!

I'M A 3rd-DEGREE HOLDER OF THE BLACK BELT—SYMBOL OF HIGH PROFICIENCY IN THE JAPANESE SYSTEM OF SELF-DEFENSE THAT USES NO WEAPONS BUT BARE HANDS. I spent many years in Japan learning these little-known SECRETS. The most amazingly effective of all Self-Defense techniques that stood out in ALL my Japanese Training is contained in my AMAZING new Yubiwaza book—all yours to have if you ACT NOW. YUBIWAZA is the name of a Japanese system of Self-Defense that makes use of an EASY-to-Learn knowledge of vital body areas and the techniques of the use of just ONE finger or the entire hand to counteract & overcome ANY violent attack. It is commonly known that with the aid of Yubiwaza, young men – and girls, too! – with only a few hours of training, turn back 6, 8 and even 4 attackers – temporarily DISABLING ONE, putting another to flight – making a third howl with pain, while the fourth begged his opponent to stop!

NOW YOU TOO CAN LEARN YUBIWAZA!

The experts in Japan, who know and teach these ONE-finger techniques, have now explained that YUBIWAZA is a centuries-old system of Self-Defense which is so simple and so effective that outsiders were never instructed in its use. The system was restricted to Japanese who SWORE to apply these methods only in time of danger and attack by an aggressor. Many of the very techniques in my Yubiwaza book, once highly guarded secrets of the ancient Samurai warriors never shown to outsiders are now shown to you – FIRST time!

EASY – And I am now ready to show you, too, through clear, easy-to-understand photos, every move. I guarantee to make you a YUBIWAZA specialist in however every cent you paid will be refunded. You don't have to attend my school where I train beginners like you and turn them into experts. Now I can show you how to practice YUBIWAZA in the privacy of your own home with only a few minutes of practice a day. I'll show you how to defend yourself against headlines, bullies, "wise guys" and juvenile delinquents who respect neither lives nor property.

When you apply YUBIWAZA methods, you can put an aggressor down with JUST ONE FINGER! You can disarm an opponent rushing you with his fists, a broken bottle, a revolver or any kind of bludgeon. You can turn an aggressor's attack into your advantage with only one finger or your bare hands. No matter how fast the action gets, YUBIWAZA keeps you "on top." You use only simple pressure of your finger against any one of a dozen or more vital nerve centers of your opponent and watch his gun or knife fall from his limp hand while he himself sinks to the ground completely helpless and faint. If the neighborhood bully pushes you, you can make him say "uncle" quickly – with the help of YUBIWAZA!

MASTER EVERY SITUATION!

Make no mistake! The world is crowded with anti-social enemies who think nothing of sticking a knife into the ribs . . . or attacking peace-loving citizens just for the fun of it . . . or molesting boys and girls shamelessly. There is a crying need for a system of self-defense that relies on KNOWLEDGE, not big muscles or strength . . . that depends on TECHNIQUE – not on weight or size of body . . . that is based on simple TRAINING – not on illegal possession of weapons.

When you have YUBIWAZA you can disarm and disable your opponent in seconds. You are equal to a mugger who grabs you from behind—no matter how big he is or how much he weighs, instantly you know WHERE to attack, and how. You have the body's major vulnerable regions, the defense or on-guard position to take, and your body's personal weapons which you can apply to maximum advantage. I have jam-packed all I know about YUBIWAZA into my Guide, which I have profusely illustrated and clearly explained. I take you step by step through the fundamentals of this amazing system so that you understand clearly and immediately how these effective principles work. You learn these rules used by marines, police and G-men . . . how to floor any bully . . . how to finish what sports that will make any attacker helpless. No matter whether you are big or small, strong or weak, you can overpower practically any opponent with lightning speed!

BECOME A NEW MAN!

Knowledge of YUBIWAZA will turn you into a NEW MAN even if you never actually have to use it! For you will become SELF-ASSURED through your ability to handle yourself. You will walk with a determined and confident air secure with the knowledge that NOTHING can frighten you . . . that you can deal with ANY man, ANY weapon, ANY situation—and that you can do all this with NO bodily contact! And you will win respect and admiration from everyone.

Thousands of men of all ages have won confidence and respect by learning YUBIWAZA. YOU can do the same! You owe it to your own peace of mind . . . to your friends and loved ones—to be able to defend yourself in these days when attack may come at any time and place from hoodlums, criminals and delinquents. So mail Coupon NOW for my COMPLETE instruction on YUBIWAZA. If you and your friends don't say that YUBIWAZA has made a NEW MAN out of you, every cent will be refunded!

ALWAYS ALERT

In today's world it is most important than we be constantly on the alert so that our fighting forces are the best in the world. For the army that is second best will be defeated by the one that is the best. What you will be told is not confidential. A new anti-tank missile which is electronically guided along the gunner's line of sight, much as though there were an invisible gun barrel stretching to the target is being developed for the Army Missile Command, Redstone Arsenal in Alabama.

The missile is called Tow (Tube-launched, Optically-tracked, Wire-command link guided missile). The Tow system is being developed for use as a heavy assault weapon that regular Army field troops can use without special training as missile technicians. Here's how it works:

A Tow missile, still enclosed in its shipping container, is inserted into a tripod-mounted launch tube. The container forms an extension of the launcher. The missile has stubby wings and control surfaces that remain folded while in the launcher. Electrican and mechanical connections are made automatically as the container is clicked into place. After launching, the missile follows a boost-coast trajectory using two separate boosters to obtain the required velocity. One motor powers the missile while it is still in the launcher. To insure safety for the gunner, the Tow coasts for a while after leaving the tube before the second booster speeds it to its target.

The gunner aims a telescopic sight at the target. The missile automatically follows his line of sight. Tow can be used against tanks, armored vehicles and gun emplacements. It is expected to provide a major boost in firepower for infantry units because of its powerful explosive force combined with high accuracy at both close and long ranges. The new system is portable. It can be carried on various types of vehicles such as jeeps and armored personnel carriers, or on helicopters. Total weight of the system-less missile-is approximately 160 pounds. For easy carrying, the unit can be broken down into four parts. In demonstration tests conducted at the Army's Aberdeen Proving Grounds in Maryland, one of these missiles hit within one foot of the center of a tank sized target more than a mile away.

Helmeted mounted infrared binoculars which are designed to give their wearer better night vision are being tested by the Army. The binoculars which are to be used while driving, have two image converter tubes mounted in them. Power is supplied by a high voltage unit mounted on the rear of the helmet. The unit weighs about one pound. Illumination is provided by invisible infrared rays from filtered headlamps of the vehicle. The idea is not new. The Army has already developed hand-held infrared binoculars, the metascrope, a weapon sight and other infrared viewing equipment. The helmet mounted binoculars will enable the night driver to use both hands for driving.

So there you are if you have the slightest worry that our men aren't up-to-date when it comes to inventions for the army. As one expert well remarked: "If the next war comes, we can't afford to lose it."

NEW DISCOVERY IN HYPNOTISM

shows how to hypnotize in 30 seconds!

Yes, an amazing new method has been developed to bring on quick, easy induction of the hypnotic trance. Now, for the first time, you too can benefit from this recent discovery in hypnotic induction.

QUICK RESULTS

Want to hypnotize your friends? Your club members? HOW TO HYPNOTIZE is a remarkable primer that shows you just how to master the latest improved induction methods. The author, a widely experienced hypnotist and consultant, gives you the exact positions to take, the precise phraseology, all the steps necessary to hypnotize even the most difficult subjects.

EXCLUSIVELY in **How to HYPNOTIZE**

ENTIRELY NEW METHOD

Until recently the process of hypnotic induction was largely based on trial and error methods which succeeded mainly with subjects who were highly susceptible to hypnosis in the first place. The truth is that these highly susceptible subjects make up a very small percentage of the population. That is why amateurs and beginning hypnotists have so often been disappointed in their attempts at trance induction. Now, however, recent scientific research has developed ENTIRELY NEW METHODS that are not only sure fire in their results but quick and easy to achieve! For the first time, these new methods are presented in HOW TO HYPNOTIZE in language that you can easily and successfully follow on the very first reading!

SHOWS YOU STEP BY STEP

This book — which has been acclaimed by doctors and psychologists — is guaranteed to give you all the know-how necessary to induce the trance state in others. It not only explains the latest discoveries in hypnotic induction, but it shows step by step, move by move, exactly how to bring on the trance; how to transform the trance into deeper and still deeper states; and how to terminate the trance quickly and effectively without any dangers whatsoever. You are even given alternative methods, so that you can actually chose the one that suits you best.

USED BY DOCTORS
